CHINA THREATENS

Must Not Discriminate Against Russian Contraband in Favor of Japan Otherwise There'll Be Something Doing.

Tien-Tsin, January 18.—Russia has notified China in a most peremptory manner that if China continues to discriminate against Russian contraband in favor of Japan, Russia will march her forces into North China and China Turkestan.

The Viceroy considers the situation very serious.

London, January 18.—The Morning Post's Shanghai correspondent says that the Chinese Government complains that Russians have occupied Kashgar, the Governor of which has appealed to the Chinese Foreign Board to open negotiations for the withdrawal of the Russians. Kashgar is the most western city in Eastern Turkestan, and has a population of 50,000.

FAIR ONES ANSWERED THE MAN'S "AD"

"Dr. Maurer" Wanted to Meet the Pretty Ladies, and They Came in Battalions.

Chicago, Jan. 18.—The strange freak of a Chicago business man was illustrated today when Frank A. Hort advertised, over the name of "Dr. Maurer" for young ladies "for physical culture work."

The advertisement attracted the attention of more than 1,000 young women, who arrayed themselves in their best gowns and went to "Parlor A, 542 north Clark street," to meet the "doctor." By noon the line reached into the street, and by 2 o'clock the cable cars were blocked.

Meanwhile "Dr. Maurer" was in a state of panic. He had rented two rooms for the day, but it would have required a big building to receive all the young women who wanted to be physical culturists. Then Police Inspector Shipp, acting upon complaint of a number of young women who objected to "Dr. Maurer's" methods, took a hand and arrested the man.

The prisoner gave his name as Frank A. Hort, head of the art firm of F. A. Hort & Co., 354 State street. Hort could not explain his motives satisfactorily in advertising for physical culturists. He admitted, however, that, although he is married, he had a desire to meet some of Chicago's fair ones. The experiment, he says, far exceeded his most sanguine expectations.

LOST A WEEK; FOUND BRUISED AND BATTERED

Woman is Given "Knockout Drops" in New York, Beaten Terribly and Robbed of Money While She is Unconscious.

New York, Jan. 18.—Mrs. Lillian E. Shields, of Philadelphia, who disappeared from this city last Wednesday night, was yesterday found in a small hotel at 21 east Fifteenth street. The woman, for whom her son, Edward L. Cromwell of 243 west Forty-second street, had been looking, had two black eyes and there were black and blue marks on her neck as though some one had tried to choke her. Ambulance Surgeon Gillespie of the New York Hospital was called and he took the woman to the hospital. He said that the woman had evidently been beaten and that she might have a fracture of the skull. The woman herself told the following story.

"After seeing my son last Wednesday evening, I went uptown. I stepped into a restaurant, as I was very cold and sitting next to my table was a young girl who told me she had had trouble with her father or husband. She was crying. I asked her to join me in a drink, and we each took a glass of whiskey.

"The next thing I remember was when a waiter woke me up the following afternoon.

"'You'll have to get out of here,' he said.

"Where am I?' I asked.

"That don't make any difference,' he replied, 'you'll have to clear out.'

"I got up from the bed. I had all my clothes on except some furs. When I looked at my face it was a fright—all battered up. I was ashamed to go back to the Kensington in Fifth avenue, so I called a cab and went to the hotel where I was found. I would know the place where I got the knockout drops."

Detectives are trying to find the place where the woman says she was beaten and robbed of about $15.

OLD HOMESTEAD IS WIPED OUT

SCENE OF THIRTEEN TERRIBLE TRAGEDIES

Declared Haunted for the Past Forty Years—Known as "Old Cripe House"—Located a Few Miles South of Rochester, Ind.

Rochester, Ind., Jan. 18.—The old Chipe homestead, situated three miles south of Rochester, which has been the scene of four murders, three suicides and three accidental deaths and the home of four members of the Cripe family, who have become insane, has at last been torn down and all trace of the old house in which so many tragedies have been enacted and which has been declared haunted for the past forty years, has been entirely destroyed. Thus the "old Cripe house of many tragedies," so referred to by the citizens of the entire community, is no more.

The last tragedy occured in the old house on December 6, last. On that day Wilson Burns, crazed by jealousy, murdered his wife, Joseph Gripe and Mrs. Margaret Braham, and then committed suicide. The thirteen tragedies of this house of tragedies are:

Mrs. Abraham Cripe, committed suicide.

Abraham Cripe's sister, fell dead

Loran Cripe, became insane.

Loran Cripe, choked to death.

Elias Cripe, mysteriously murdered.

George Ford, suicide.

George Cripe, accidentally killed.

Clark Cripe, now in insane asylum.

Jas Cripe, became insane and died.

Joseph Cripe, murdered last December.

Mrs. Wilson Burns, murdered.

Mrs Margaret Braham, murdered.

Wilson Burns, suicide.

Next spring the lot that has served as a playground for three generations of the Cripe family will be converted into a corn-field, as Mrs. Margaret Cripe, the only surviving member of the once large family, wishes to obliterate all signs of her old home.

DRAMATIC FEATURES IN ELIAS CASE.

The murder of Andrew H. Green, the "Father of Greater New York," by the crazed negro, Williams.

The revelation that John E. Platt, the wealthy retired business man, was the man for whom Andrew H. Green had been mistaken as the visitor of Hannah Elias, the negress.

The charge by Platt that he was a victim of blackmail and that the woman had extorted almost three quarters of a million dollars from him by threats.

The discovery that Mrs. Elias, who had come from the slums of Philadelphia, was the person who had posed at summer resorts as a wealthy Spanish or Cuban woman of fashion.

The siege of the Elias mansion in Central Park West, the battering in of the doors by the detectives of District Attorney Jerome and the carrying off of the woman to the Tombs.

The following are the yearly sums of money given by Mr. Platt to Hannah Elias, as testified to by him on the witness stand and recorded in the books of his office. These papers cover the period of nine years from 1896 and including 1904:

SULLIVAN ON THE EVILS OF CIGARETS AND INTOXICANTS

Chicago, Jan. 18.—John L. Sullivan made his debut as a lecturer, Monday night in Waverly hall. Nearly 1,600 persones gathered to hear him dissertate upon "The Evils of the Cigaret and Intoxicants." For over an hour the audience heard the ex-champion give reminiscences of the prize-ring and tell of his trip around the world.

John left the cigaret and whisky soon after his oratorical undirigible balloon started, and had his hearers convulsed with laughter over a story of his father and a man named Casey. John did not closely identify Casey. One Gillespie, a St Louis saloon-keeper, helped right the troublesome rudder of the airship again, and John lighted the insidious weed for a fresh start.

He could not stay long on the course, however, and soon was expounding the glories of the Washington monument, the "greatest thing ever perpetrated." From Washington the versatile speaker's flight followed by a laughing thousand, was to the Pacific coast, where the drag anchor caught among the "perpendicularly long" trees of California.

John's thoughts of cigarets were gone. His thoughts of whisky may have gone. At all events he came from California and launched into a defense of fighting.

"A great many people have got an idea," said Sullivan, "that a prizefighter is a plug ugly—an illiterate guy—a regular Jimmy tough, but them that's folowed the game as long as I have knows that ain't so. Some of the finest gentlemen in this country, in the past, once held the championship, and one of them was a senior."

Football was roasted unmercifully, and designated as a rough, tough and unrefined struggle in which the players "hit below the belt."

Sullivan said he started life as a bricklayer. Another bricklayer laid more bricks that he did, and brag.ed about it. The other fellow went to the hospital, and said John L., "I didn't lay no more bricks."

SUBJECT

Of Insanity Presented Last Night.

BY DR. SHELBY MUMAUGH AT MEETING OF ALLEN COUNTY MEDICAL SOCIETY.

The alternate monthly social evening session of the Allen County Medical society was held last night at the office and residence of Dr. and Mrs. A. S. Rudy, on south Main street. The subject under consideration by those present was that of "Insanity," which was presented in an able manner by Dr. Shelby Mumaugh, who was formerly connected for a number of years with the State Longview Asylum, at Cincinnati, and who is an expert in mental diseases in its various forms.

The paper was well received and discussed by Drs. Van Note, Chenoweth, Patterson, Johnson, Matthews, Parent, Dickey, Kahle, Burton, Bice, Vail, Creps, Hiner, D. W. Steiner, Rudy and Bennett, followed by a resume by Dr. Mumaugh.

After the paper a medico-legal case was reported by Dr. Bennett on "A Privileged Communication, Not Privileged," which was favorably received.

After adjournment the members were entertained by Miss Rudy, in several beautiful violin solos, accompanied by Miss Francis Myers, pianist, after which Mrs. Rudy gave the poor starved doctors a treat, in the form of a collation, consisting of hot escalloped oysters, lettuce sandwiches, pickles, cheese, coffee, gelatine with white grapes, ice cream, shredded pineapple, and candied cherries, which was an agreeable surprise, and tasted like more.

The society will hold its next evening session in one month, at the home of Dr Creps, the subject will be "Fractures of the Forearm," with X-ray demonstrations by Drs. Creps and Bennett. All physicians invited to be present and take part in the discussions of these subjects.

SYNDICATE SEEKS TO BUY INTERURBAN

Fort Wayne-Lima Road May Pass to Control of Big Company.

[Ft. Wayne News.]

It is altogether probable that the Ft. Wayne, Van Wert and Lima interurban, now being built towards this city, will become a part of the big Widener-Elkins syndicate system of electric roads in Ohio and Indiana being used as a connecting link for the syndicate's present Indiana system and a system of lines to be established in Ohio. The Fort Wayne, Van Wert and Lima line is now built and in operation from Lima to Delphos and with the coming of the spring months its building will be pushed rapidly toward Ft. Wayne. In regard to the move on the Widener-Elkins syndicate to secure control of the Ft. Wayne line the Van Wert Bulletin of last evening says:

"It has developed that the real object of W. K. Schoef's visit to this town some days ago was not merely to gratify a desire to view the country through which the Van Wert & Lima Traction company's line passes. Mr. Schoepf is president of the Cincinnati Traction company and is a representative of what is known as the Widener-Elkins syndicate. He has opened negotiations for the purchase of the Fort Wayne, Van Wert and Lima line and expects to acquire the property as a connecting link for the syndicate's present Indiana system and a future system in this state."

COX NOT THE WHOLE PARTY

So Declares Mr. Harding Regarding the Gubernatorial Fight.

Is Still a Candidate, But Pledges Support to Herrick in Case Republicans of Ohio Nominate the Governor.

Marion, Ohio, Jan. 18.—Interviewed on the subject of the gubernatorial situation this morning, and his attention having been called to Mr. Cox's indorsement of Governor Herrick's candidacy, Lieutenant Governor Harding made this statement:

"Mr. Cox's announced position does not affect mine. This implies no underestimation of Mr. Cox's influence in Ohio Republican politics. But if nominations are always to be determined by Mr. Cox's attitude, as was Gov. Herick's nomination in 1901 and as seems to be planned in 1905, then there is no longer need of convention nor discussions of candidates.

"Mr. Cox has won his high place in Republican councils by heretofore standing for success above personal consideration. If there is wisdom in saying Governor Herrick ought not to seek the place again, that he imperils the party strength, as the Cincinnati leader is frequently quoted as saying, and then standing for his renomination, I fail to see it.

"To the hundreds of friends who have urged me to be a candidate I have said I would be glad to accept the nomination. If there is a real sentiment favorable to my nomination, as has been represented, the selection of delegates will determine it. I have not thought the situation either demanded or justified a house to house scramble or the employment of a literary bureau.

"The Republican party is confronted with the necessity of deciding between precedent often ignored before under very similar conditions, or endangered success at the polls: If the decision is such as to favor my nomination, either next week, next month, or next June, my friends will know I am ready to accept. If on the contrary, the Republicans of Ohio think it best to renominate Governor Herrick, there will be no complaint from me. I will be among his supporters as the party nominee."

BOTH HANDS FROZEN

While Clinging to Vestibule Railing of Flying Railroad Train.

As a result of a wild ride on a C., H. and D. express train, George Scott, of Wyoming, is lying at his home in that village suffering from the effects of having both his hands frozen. Scott while hurrying to Cincinnati last Saturday night, rushed to the depot in Wyoming as train No. 3 was leaving the station. The train is a vestibuled express and does not usually stop at Wyoming. Scott succeeded in gaining a foothold on the bottom step, but the vestibule kept him from entering the train. For 20 minutes he was hurled through space, clinging for dear life to the outside handles of the coach, unable to attract the attention of the occupants. At Gest station, Cincinnati, the train came to a stop and Scott found that his hands were frozen to the handles.

With difficulty and the assistance of the watchman at the crossing he succeeded in getting his hands loose from the handles, though most of the skin stuck to the brass bar. He paid little attention to his hands though they pained him greatly. He became rapidly worse and a high fever set in. He was pronounced in a serious condition by the attending physician. Scott is a laborer and well known to the residents of Wyoming.

LIVELY TELEPHONE FIGHT

Farmers, After a Franchise, Threaten to Boycott Bluffton.

Bluffton, Ohio, Jan. 18.—A hard fight is being made by the Bluffton Telephone company, through the village council, against the granting of a franchise for installing a new telephone exchange by the Farmers' Mutual Telephone company. The farmers presented a petition with 300 signers several weeks ago, asking for a franchise, and the petition has been twice tabled by the village council. The farmers offer free toll service between about twenty different exchanges and have several thousand subscribers at one-third the price for phone service. The Bluffton Telephone company has 500 subscribers. Should the company be refused a franchise, the neighboring farmers threaten to boycott the town.

SHAME

Lima Hasn't the Chance to Burn Some of It.

A NATURAL GAS COMPANY BEGGING FOR A MARKET TO SELL GAS CHEAP.

Springfield, O., Jan. 18.—The Ohio Fuel Supply company, Monday night, through J. M. Garard, of Columbus, vice president and general manager, made preliminary application for franchise to furnish Springfield natural gas. City council, which met in committee of the whole, was asked to name a committee to make investigation as to the company's responsibilities. The company claims to have wells in Knox, Licking, Fairfield and Vinton counties, and is now supplying natural gas to 54 cities, including Columbus and Zanesville. The company has so much gas that Mr. Garard states it has 100,000,000 cubic feet of gas stored up awaiting consumers. According to authoritative statements made here, there is a probability that there will be a merger of this company and the big Brice company, which supplies natural gas to Springfield, Dayton, Troy, Urbana, Sidney and other towns in Central Western Ohio.

The Ohio Fuel company recently obtained an ordinance in Columbus where it was agreed to supply natural gas for 15 cents per thousand feet. The price charged here by the Brice company is 28 cents per thousand feet. In addition an annual meter rental of $3 is charged the consumer.

THE RAILROADS

There Will Be No Strike.

Philadelphia, Jan. 18.—Unofficial returns from the votes cast by the members of the Brotherhood of Railway Trainmen employed by the Pennsylvania railroad company, indicate that there will be no strike. Such is the belief of the officers of the company and many members of the Brotherhood. The official count of the ballots is being made in Cleveland by grand officers of the Trainmen's association. This will not be completed before Wednesday or Thursday.

Officers of the railroad company say that there will be no strike. The question in dispute, they say, are of a character that can be adjusted readily and are under adjudication. It is contended for the Brotherhood that the members prefer a strike will be the last resort. Vice Grand Master Lee, who has the vote in charge, has gone to Cleveland and will make his report from the organization's headquarters.

Vice President McCrea, of the lines west of Pittsburg, was here yesterday in conference with President Cassatt. The nature of his visit was not disclosed.

Another Proposed Trolley.

Marysville, Jan. 18.—W. G. Hanford and W. H. Halloway, of Springfield, who are interested in a new electric line from Springfield to Lima via Marysville and Kenton, were here today. They say that Chicago capitalists are behind the movement. Their plan is to build a line from Springfield to Marysville, where connections will be made with a line to Columbus, also one to Delaware and Marion. From Marysville the promotors plan to build a line to Lima by way of Kenton.

MITCHELL INDORSE CO-OPERATIVE STORES

President of United Mine Workers Recommends the Rockdale System.

Indianapolis, Ind., Jan. 18.—At the session of the United Mine Workers of America yesterday the most interesting feature was a recommendation by President John Mitchell and Wm. Dodds, the American Miners' delegates to the International Mining Parliament held in Paris last August that the American miners take up the matter of establishing co-operative societies and stores.

His advocacy of co-operative stores, established and conducted on a plain business basis—the Rockdale system—came as a surprise and was warmly applauded. It was put before the convention by Mr. Mitchell himself, reading the joint report of the two delegates. Touching on the co-operative feature of European industrial life, especially in Great Britain, is the prevalence of the co-operative store system. It was the feature that made upon us the most lasting impression.

"In these stores a person may buy anything that is used in the ordinary household. We had splendid chances to study the workings of these societies, and it was demonstrated to our entire satisfaction that a person buying through them can save from 12 to 20 per cent. And, in connection with this report, we take the liberty of recommending that our members give the co-operative store system their serious consideration."

CARNEGIE WILL REPAY

He Will Make Good Oberlin Bank Losses.

HE DEPOSITED DRAFT

MONEY LOST THROUGH CHADWICK-BECKWITH AFFAIR WILL BE REPAID STUDENTS AND SOLDIERS.

Oberlin, Jan. 18.—Andrew Carnegie wil make good the losses of those who suffered worst in the failure of the Citizens' National bank. In fact, he has already made good these losses, for a draft has been received by President King, of Oberlin College, covering the amounts.

Those included in the list of beneficiaries are the Oberlin students, old soldiers, people of small means, churches and the like.

Provision is made for the appointment of a commission which shall decide who shall be reimbursed. A letter from the steel king, containing the draft was received this morning, and the announcement was made by President King this afternoon.

The students alone had $15,000 in the bank. The others who will be benefitted will add a large amount to this sum, just how much more is not now known.

The announcement has created a sensation in town. The joy of many persons in humble circumstances was pathetically expressed when the good news came to their ears. The feeling of depression which has weighed down their hearts for many weeks past has been suddenly lifted.

THIRTY ATE CANNED GOODS

AND THIRTY ARE SERIOUSLY ILL FROM PTOMAINE POISONING—SEVERAL DEATHS ARE EXPECTED.

Parkersburg, W. Va., Jan 18.—Thirty persons at Pine Grove, W. Va., representing 14 families, are suffering ptomaine poisoning in a serious form.

Dr. A. N. Frame, president of the state board of health, has just returned from Pine Grove, where he was called in consultation, and he fears that there will be several deaths.

So far as can be traced the poisoning was caused from eating canned goods, all of which came from the same store.

RECEIVERS APPOINTED

Another Appleyard Line in Financial Difficulties.

JUDGMENT FOR $10,000 ACKNOWLEDGED BEFORE CONTROL PASSED INTO HANDS OF COURT.

Cincinnati, Jan. 18.—Another of the Appleyard system of electric lines in this state has passed to the control of receivers. It is the Columbus, Grove City & Southern line, running from Columbus to Grove City and other points.

Its finances are substantially in the condition of the other Appleyard lines, which two weeks ago were placed in charge of receivers.

J. G. Schmidlap and Myron Wilson of Cleveland, the receivers of those lines, were also made receivers of the Columbus, Grove City and Southern. Preliminary to the naming of receivers judgment was taken against the road in the United States court in Columbus, where the road acknowledged judgment for about $10,000 due and unpaid.

Immediately on this action Judge Harmon, of Cincinnati, made the application to Judge Thompson in the United States court to have the road put into the hands of a receiver.

FAREWELL

Meeting to Beld Next Sunday

HONORING ENSIGN METCALFE OF THE SALVATION ARMY WHO LEAVES FOR OTHER FIELDS.

Those interested in the work of the Salvation Army in Lima will regret to learn that Ensign Metcalfe, who has had charge of the Army here for the last year, is soon to leave the city. He expects to be transferred to some other field and another officer will supplant him here. Major Edwy White, of Columbus, the newly appointed commander of the central Ohio division will be here today accompanied by Ensign Hinkle. A special meeting will be held this evening, in the Army barracks to which the public is cordially invited. Both these gentlemen are good singers and coronet players, and will provide secular as well as spiritual entertainment for all who care to attend the meeting. During his stay here Major White will make known to Mr. Metcalfe his future location and the new commander will be appointed for Lima. Next Sunday a farewell meeting will be conducted by Ensign Metcalfe.

Honored Guest.

Major White, who has lately been appointed officer in charge of the Central Ohio Division Salvation Army, will visit Lima today and will have charge of the meeting at Salvation Army Hall, on Market street. The major will be accompanied by Ensign Howard Hinkle, his assistant. The major is an old Salvation Army officer and has had over sight of the Pittsburg division for several years and many advances were made in that time. One of the latest innovations being a drunkard's brigade, which is composed of a number of men who make a canvas of certain downtown districts and when they find a drunk they carry him home on a sort of stretcher and then call around after the drunk has sobered up a little and pray with him and quite often get them to give up the drink. Don't forget the meeting tonight and come. Good music, vocal and instrumental. Every one invited.

FLOWER MISSION REPORT.

At the business meeting of the Girls' Flower Mission held at the home of Mrs. Jud Welsh, the following report was submitted by the secretary:

The year just ended has been one of great activity in the Flower Mission.

A room at the hospital was furnished by the Mission at the cost of $109.25.

A lawn-party was given in the summer at the home of Dr. S. A. Baxter, where $62.02 was cleared.

The Flower Mission assisted the Federated clubs at the lawn-fete held at McBeth park, where with their Japanese tea house they made $100 for the library fund.

At Thanksgiving time by means of the charity ball, which was socially and financially a success, $147.25 was cleared and expenses of $69.35.

During the year flowers were furnished to 444 patients in the city hospital at a cost of $42.20, a part of the flowers during the summer months being donated.

Special decorations were furnished the hospital at Christmas time and Christmas baskets were sent to two deserving families.

At the beginning of the new year the Flower Mission bank book shows a balance of $231.67.

Owing to the resignation of the president, Mrs. George L. Southard, and the vice president, Mrs. Horace Mann, both of whom have left Lima, to make their homes elsewhere, new officers were chosen to fill their places. Miss Roberta Roberton was made president, and Miss Madge Mitchell as vice president, the other officers are Miss Katherine Oxley, treasurer, and Miss Lillian Campbell acting secretary. Grip Epidemic Coming.

Grip and Pneumonia Are Easily Escaped If the System Is Kept in Condition with Duffy's Pure Malt Whiskey.

NOW IS THE TIME TO PREPARE FOR IT.

Last winter when grip and pneumonia were raging in New York City and hospitals were filled to overflowing with sick and dying, thousands of cases were cured by using nothing but Duffy's Pure Malt Whiskey.

The doctors issued a warning that, if the sweep of these death-dealing diseases was to be successfully stemmed, every man, woman and child on the first appearance of "grippy" symptoms must at once take Duffy's Pure Malt Whiskey as a preventive. It checks the symptoms and strengthens and builds up the system so that it can successfully resist and throw off the attacks.

If pneumonia and grip are not promptly treated with Duffy's Pure Malt Whiskey, consumption develops. One of New York's most celebrated physicians said he would rather have Duffy's Pure Malt Whiskey for the treatment of consumption than all other medicines combined. It replaces the affected tissues, purifies the blood and strengthens the circulation so that the congested matter in the lungs is promptly and thoroughly removed.

It was decided at the Medical Convention last summer that the only successful treatment for lung troubles was to fight them right at home where they were contracted.

"Duffy's" has been the great home remedy of hundreds of thousands during the past 50 years, and is sold throughout the world by druggists and grocers, $1.00 a bottle. It cures when all else fails. It's a gentle stimulant and tonic, free from fusel oil and all other dangerous ingredients, endorsed by ministers, doctors and temperance workers. Send for a free copy of our medical booklet.

"Duffy's" is the only absolutely pure medicinal whiskey, and is sold in sealed bottles only, with the "Old Chemist" trade-mark on the label; insist upon the genuine, and refuse substitutes and fraudulent imitations offered by dishonest dealers. Duffy Malt Whiskey Co., Rochester, N. Y.

AMUSEMENTS

A genuine sensational novelty is announced at the Faurot opera house on Friday night when "Dangers of Working Girls' will receive its first presentation here before a local audience. The melodrama, which is beyond doubt the most sensational and thrilling play ever presented for popular approval has been the subject of more discussion than any drama produced in the last decade. It deals to a considerable extent with the evils of the infamous "cadet" system, which has so terrorized parents of young girls and which has been so vigorously fought by the police of large cities. It was only a few weeks ago that a prominent New York clergyman issued the following solemn note of warning to the members of his congregation:

"We wish to warn the fathers and mothers in this parish of the great necessity of watching over their children—especially the girls over sixteen years of age, and not to allow them to go far from their homes nor to make the acquaintance of strangers.

"In the last few weeks serious accidents have happened to young girls that might have been avoided, had parents been more vigilant as to where and with whom their children went on their evening walks."

The theatrical manager of a decade ago used to believe that when a play had been established in public favor, that any kind of a cast could be employed to exploit it before the public, and for that reason and no other, can a great many of them ascribe their ultimate failure. Not so with W. E. Nankeville, manager of "Human Hearts," which come to us tonight at the Faurot opera house.

Mr. Nankeville has always maintained that the best is none too good for the public, and if by any possible chance he can better his company, he never fails to do so. It is to this policy, he attributes the wonderful success of "Human Hearts" with the theatre going public.

It will bring rich, red blood, firm flesh and muscle. That's what Hollister's Rocky Mountain Tea will do. Taken this month, keeps you well all summer. 35 cents, Tea or Tablets. H. F. Vortkamp.

MEDICAL EXAMINER

Of the United States Treasury Recommends Pe-ru-na.

Prominent Physicians Endorse Pe-ru-na.

DR. LLEWELLYN JORDAN, Medical Examiner of the U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peruna:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering.

"Fellow sufferers, Peruna will cure you."—Llewellyn Jordan.

Doctors have been loathe to endorse a catarrh remedy because catarrh and catarrhal diseases have puzzled the medical fraternity for many decades.

The popular endorsements that Peruna has received at the hands of the people have induced a great many doctors to try the remedy.

More prominent physicians use and endorse Peruna each year.

Dr. A. Morgan, 214 Gaier street, Indianapolis, Ind., writes:

"Regular physicians do not, as a rule, endorse patent medicines. I have, however, found in my practice that Peruna is a notable exception and not at all like any other medicine generally sold as 'patent medicine.'

"In examining it I find that it is a scientifically prepared medicine, composed of herbal remedies of high medicinal value.

"It is a specific for catarrh of the head, lungs or stomach, a fine remedy for female troubles, and invaluable to mothers and children.

"After fevers or other protracted illness, it is one of the best tonics I know of to restore the system to normal condition and I recommend it to convalescents.

"It is a high class family remedy, good for young and old."—A. Morgan.

Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day.

Robert R. Roberts, M. D., Washington, D. C., writes:

"Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert R. Roberts.

DR. LLEWELLYN JORDAN, Medical Examiner United States Treasury.

Catarrh is a systemic disease curable only by systemic treatment. A remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Peruna immediately invigorates the nerve centers which give vitality to the mucous membranes. Then catarrh disappears. Then catarrh is permanently cured.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

AT THE PLAY.

Have you ever gone to an opera house to study the audience? If you have not, there is something new under the sun for you. Now, you can not study the audience properly, if you expect to see the show, because it requires the very closest attention to enjoy the audience, and you can not give that if you try to follow the opera or the play. Just make up your mind to miss the scenes on the stage, get a seat fairly to the front of the house and on the side where you can have a pretty good view of about one-third of the audience, do not make yourself obnoxious by craning the neck too much—and then watch your characters.

Another thing, you must not expect to see the whole audience—pick out a portion of it and study it—it is worth while. Doubtless there will be within the immediate scope of your vision two dozen persons—and think what it means to see the emotions displayed in the countenances of two dozen people at one time. Lose yourself as nearly as possible, and watch, having due regard for science, and taking in the why as well as the wherefore. When the last strains of the overture have died away and the curtain rises, notice the young girl to the left and you will see anxiety and expectation and hope and confidence all blended together. She does not have the opportunity of going to the theatre often—not often enough to be familiar with the little tricks of the stage. She does not know which side of the stage the woman will occupy as she defies the villain, and the positions of the actors are a constant source of surprise to her. She lives the part of the leading woman—in her face she shows what she would do under the circumstances, and what she would do is just as the heroine does it. And how pleased she is when right prevails over wrong. And what a surprise it is to her. She almost lost heart when the plot thickened and the righteous fellow was entangled, and the undoing of the villain she counts as one of the real pleasures of her life.

And that old fellow in front of her. Watch him—never mind, however! He is there just to be with the woman beside him, and the show bores him, and his face doesn't show anything except a wish that the thing would hurry up and end.

But over there to the right—that gray haired woman—she has something in her face, and she whispers to the gentleman beside her. She enjoys the play—you can see that—but look closely—she enjoys it because every scene and every act reminds her of another play she saw years ago when Henry, who sits with her, had not proposed, but after she had known that he intended to. She tells him about it—does he remember? Of course not, but he smiles, and that is "yes" to her. As the villain comes nearer and nearer to the front of the stage she someway creeps closer to Henry—not because she is afraid, but because she wants to feel secure—in his protection and in his love. To that couple the play was a success—they do not know why—but it was good.

Then, there are the two boys, who came in late, and the three girls with the chaperone, and the little tot with an aunt, and the aunt herself! Talk about books? What book that was ever written can compare with the book of human nature? And the pages are turned nowhere easier than at the play.

THE NEW DEAL.

The ratification of the railroad deal whereby the C., H. & D. gets possession of the Pere Marquette and other Northern roads, as well as of valuable coal fields in Virginia, assures a splendid future for the Detroit Southern which, it is generally understood, will be owned by the Zimmerman interests. The immediate effect of the deal will probably be to establish general repair shops at Jackson for the Detroit Southern, and the improving and extending of the road to the newly acquired coal fields.

Springfield has little to lose from the new deal, although it may be the means of taking away a portion of the Detroit Southern shops for the time being. It will, it is generally understood, displace Mr. Hunt, a professional receiver, who has never been any too friendly to this city. Springfield may yet come to realize something on the investment she has constantly paid toward the support of the Detroit Southern, if Mr. Hunt is removed.—Springfield Sun.

I direct my executors to invest the sum of three hundred and fifty dolars ($350.00) for each of my grandchildren, Catharine, Lucile and Margaret Orchard and James Orchard McIndoe in a reliable and responsible Building and Loan Association; The said investment to remain with its increase until each of said children have reached the age of eighteen (18) years when the share of each child with its accumulation shall be withdrawn by said executors and be given to such child; should any of said grandchildren die before it shall have reached the age of eighteen years its share of said investment with the accumulation thereof shall be divided equally between the survivors of said grandchildren above named when all of said survivors have reached the age of eighteen years.

Fourth. I give and bequeath to my son Joseph F. Orchard, my watch, chain and charm.

Fifth. It is my will that my home, on west Market street, in Lima, Ohio, with the household goods, furniture and equipments therein, shall not be sold until after the death of my son, Joseph F. From Lima Does this Man

WHO IS UNDER ARREST IN WAPAK CHARGED WITH ASSAULT WITH INTENT TO KILL.

Wapakoneta, Ohio, Jan 18.—Wm. Giberson, proprietor of a livery barn, meat shop and well known citizen of St. John's, 70 years of age, was viciously knocked down with a club in the hay mow of his barn and rendered unconscious for a while. He is suffering from a severe scalp wound but is able to be up and around. A stranger by the name of Frank Surtz was arrested on the charge of assault with intent to kill and bound over to the grand jury by the mayor. He was identified by Giberson as his assailant. Surtz, who has been working around St. John's for several weeks, comes from south Lima where he did not have a very good reputation.

Might try Barth's for good Wall Paper, 207 west High street.

Like all imitations these counterfeits are like the real article only in package and in seeing name as on the above bottle when you buy. Ed. Pinaud's Eau de Quinine is a positive dandruff cure. SAT ON THE BOX OF DYNAMITE

And When the Caps Exploded Eleven Men Were Hurled Into the Air —Two Dead, Others Dying.

Bedford, Ind., Jan. 17.—A terrible accident, resulting in the loss of two lives and the dangerous injury of four other employes of the Central Union Telephone Company, occurred this evening.

The men were engaged in blowing holes a mile east of town to put in poles on the Bedford and Leesville line. They had quit work for the evening and, dumping their dynamite caps, battery, etc., in a toolbox in a two horse wagon, in which they hauled their tools to and from work, they all got in the wagon. A number of them sat on the box.

The jolting of the wagon is supposed to have caused the dynamite to explode, throwing the occupants, 11 men, in every direction.

The dead are William Garrett, of Oolitic, near this city, and William Jenkins, of Bedford. Both men were torn to pieces.

The injured, two of whom the physicians believe will die are H. C. Meredith, of Williamsburg, Ind., calf of the leg torn off and burned about the neck; O. E. Lukenhill, of Gosport, cut and burned on the body and back; T. C. Kingson, of Gosport, face badly burned and bruised on the body; Moses Bass, of Bedford, burned and bruised on the side, hips and body. The dead are at the morgue and the wounded are still at the offices of as many surgeons to have their wounds attended.

FATAL SHOT

Fired at Election Officer Hit His Boy Brother—Ridgeway Gave Bond and Disappeared.

Kenton, O., Jan. 18.—Paul Liles, aged 14, lies at the point of death with a bullet wound through his right lung. Jack Ridgeway, aged 21, fired the shot which was intended for Roy Liles, the lad's brother, aged 22.

A fend arose between the two since Liles, as an election official, had challenged Ridgeway's vote. Ridgeway, accompanied by friends, surrounded the Liles home last night and dared Roy Liles to come out. The younger boy ran out to see what the trouble was and was hit by one of the two shots fired. Indignant neighbors ran down the party and arrested the members.

Ridgeway confessed that he fired the shot. He was taken before Squire Simpson and that official released him on $800 bond. Ridgeway, as soon as released, disappeared.

TOO LATE

Arrived the Boy's Uncle to Take Him Out of Death's Way.

Bellefontaine, O., Jan. 18.—Arthur Jones, aged 21, left his home in West Mansfield to go for a visit in Columbus, and while in the city secured a position as brakeman in the Pan-handle yards, and wrote home to his folks that he had decided to become a railroad man. His parents thought the employment too hazardous, and his uncle started to Columbus to persuade the boy to return home, but arriving there found him in a hospital suffering with injuries sustained by being struck by a car. He died yesterday.

VICTIM OF MURDER

Hospital Attendant at the Soldiers' Home is Believed to Be.

Dayton, O., Jan. 18.—With a number of stab wounds on his body, neck and face, William Robinson, a member of the hospital staff of the Soldiers' Home, died last night on the sidewalk in front of a boarding house on Auburn street. But little information could be obtained regarding the supposed murder, although the victim is said to have stated a few minutes before expiring that he was assaulted by a negro. The boarding house is conducted by Mrs. Nora Beverly, who, although a white woman, is the wife of a colored man. Her husband, William Beverly, is now serving a term in the Ohio Penitentiary for burglary.

William Clay, a negro, Mrs. Beverly's only boarder, was arrested and will be held pending an investigation. Robinson was about 55 years of age, and single. The crime is believed to have been prompted through jealousy.

ON THE GRAVES

Of Many of the Jurors Nagel Said He Would Walk—Predictions Partly Fulfilled.

Upper Sandusky, Ohio, Jan. 18.—The news that Governor Herrick had commuted the sentence of Philip Nagel, to life imprisonment, was received here this afternoon with the greatest regret. The people believed that the accused had a fair trial, and that the law should take its course.

A peculiar thing in connection with the matter is the fact that Nagel has all along declared that he would live to walk on the graves of many of the men who had convicted him. Only today, as Nagel was receiving the news of his good luck, the undertaker was laying away the remains of one of the men on the first jury that convicted him.

The recent death of Judge Mooney, together with the death of three more of the original jurors, painfully recall the truism of Nagel's original remarks.

EVEN IF You had a NECK As long as this fellow and had SORE THROAT ALL THE WAY DOWN Tonsiline WOULD QUICKLY CURE IT.

TONSILINE is the greatest throat remedy on earth. Tonsiline cures Sore Throats of all kinds very quickly, and is a positive, never-failing and speedy cure for Sore Mouth, Hoarseness and Quinsy. THE TONSILINE CO. CANTON, OHIO.

Reason For Clemency.

Columbus, Ohio, Jan. 18.—Governor Herrick today commuted to life imprisonment the death sentence of Phillip Nagel, convicted of murder in Wyandot county. The governor gives as his reason that the prosecution failed to prove the killing to have been done with deliberate and premeditated malice, and that the evidence throughout was purely circumstantial.

ALL TIRED OUT.

Back aches; side aches,
All on account of the kidneys.
Must help them at their work.
A Lima citizen shows you how:

A Morris, brick mason, of 919 north Main street, Lima, O., says: "As I have stated in a testimonial given in 1898 I had suffered for two or three years previous to that time with heavy pains across the small of the back which made me restless at night and tired out all day. The kidney secretions were troublesome and contained a brick dust sediment. I got Doan's Kidney Pills at Melville's drug store and since taking a short time I have had no symptoms of kidney trouble. These facts have been published in the local papers for upwards of six years. I am glad to confirm them and to inform persons who have read my testimony that the cure spoken of has proved to be permanent."

LAW IS ALL RIGHT.

Columbus, Ohio, Jan. 18.—The supreme court today in the case of I. N. Wickerham vs. S. S. Jones, treasurer of Adams county, held that it was not unconstitutional to place the power to collect omitted Dow taxes in the probate court as provided in sections 4364 A to E, Ohio Laws, Vol. 91, pages 332-4.

A HAPPY MOTHER

Weatherford, Texas.
May 14, 1903.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it

Mrs. E. E. Ward

Treasurer, Young Mother's Club.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble.

Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

All druggists sell $1.00 bottles Wine of Cardui.

Bowling Green, Jan. 18.—A new disease has appeared in the oil fields about Rudolph. It is called "gas-eye" the noxious gases from the oil wells, affecting the eye, has given the malady its strange name.

"Gas-eye" causes an inflamed and painful condition of the eyes which makes use of the organ impossible and attended by great pain. Many people are suffering from it.

EXPECT MORE ARSON ARRESTS

State Fire Marshal After Others of the Page Gang.

Letcher Not Kidnaped—Wanted to Come Back to Have Trouble Over With—Wants Change of Venue.

Bryan, O., Jan. 18.—George E. Letcher, the former Ohio man, now in jail here awaiting trial for arson at Montpelier 20 years ago, has let out hints concerning his alleged kidnaping from Oakland, Cal., which indicate that it was mostly a farce and that he really wanted to come back here to stand trial.

It is known that several men, included in the last batch of indictments, who have not been apprehended, are wanted for the crime of arson, as members of the gang that Letcher is accused of belonging to, which was exposed by Jack Page. Efforts are still making to locate those men.

Others are under suspicion, too, and the state fire marshal and deputies are continuing the investigation of fires in this county. Fulton county and Lucas, hoping to get connecting links in evidence necessary to indict them. Some of those implicated are known to be in the higher circles of life. Just when this investigation will end is not known, but it is generally understood here that when it does some arrests will be made that will startle the public.

Letcher, while able to give bail if he desired, is afraid to do so on one charge, for fear he will be re-arrested on other charges until his bail would be exhausted. Rather than do this, he prefers to await trial in the county jail.

His attorneys have been in daily consultation with him, and the report has gone out that he will apply for a change of venue when court sets. It would rest with the trial judge whether or not this would be granted, and if it is, the case would either be tried at Wauseon or Defiance. The only plea of his attorneys for this change would be that Letcher would be unable to obtain a fair and impartial trial in this county. It is hardly believed this theory would have much weight with any judge in this district, and the case will probably come up for trial in Bryan on the date set, February 27.

So far Letcher has been a model prisoner and has given the jail officials practically no trouble. He seems at all times cheerful, and does not complain of the confinement. When not talking with his attorneys he either reads books, of which he has obtained a plentiful supply, or the current newspapers. Letcher this morning requested Sheriff Ames to keep newspaper reporters away from him, and stated that he had nothing to say for publication, and did not care to be annoyed.

Many friends have been in to see him since his return to this county, and to all he extends a welcome hand and glad smile. None of the relatives from the West have yet arrived, but his brother from Fayette, O., has been in to see him several times a week. It is understood that his wife and son will arrive here about the middle of next month.

It is not generally known that Letcher remarried after going west, but it is now known that his first wife is divorced, and is now living in Southern California. To her Letcher lays the blame of his capture. She was the daughter of a banker in Pioneer. His property, which at one time was said to reach the enormous sum of $800,000, is now known to be in his second wife's name. She is reputed to be worth about $20,000 while his son is worth about $30,000. Letcher himself is said to be worth not over $1,000.

TOLEDO

Is Up Against a Small Pox Scare—Case at Work House.

Toledo, Ohio, Jan. 18.—There are five cases of small pox in the city, all due, the authorities say, to outside exposure. These cases are now in the contagious disease hospital and the homes from which they came are strictly quarantined.

The authorities say that there is no cause for alarm and that there is no reason for believing that there will be any further spread of the disease.

Dr. Brand said that he was confident that within the next 14 days the disease will be thoroughly under control, so that it may be easily stamped out of the community within a short time.

The greatest number of exposures seem to be in Glenwood avenue district and the health department advises all persons living in that neighborhood to get vaccinated at once and all persons having any member of the family infected with a contagious disease are reminded that the law forbids their children attending school.

School Twice Fumigated.

The Glenwood avenue school has been fumigated twice since last Friday. Children from an infected home are said to have attended this school, but this is denied by the health authorities.

There was a report current today that the Glenwood school had been ordered closed owing to the discovery of small pox in a family on Ambia street, out of which family children were said to have attended the Glenwood school.

The authorities say that this report is also false. That there is no small-pox case on Ambia street and that the Glenwood school will not be closed unless there are some future unexpected developments.

The first case reported was that of Chas. H. Mason, a motorman for the Rail-Light Company on the Cherry street line. The case of Mason was reported last Saturday. He lives at 3188 Maplewood avenue and was exposed in West Toledo.

The second case is that of Catherine May, a cook at the home of the late Mayor Jones. The third case is that of James Wiedman, living at 13 Huron street.

Appears at Workhouse.

A case was discovered at the workhouse this morning. The victim is John Neubrecht, aged 23, a Lima prisoner who was brought to the works on November 24.

It is believed that he became infected through packages sent him from Lima where small pox is prevalent.

The young people not only kept it a secret from their friends here, but from Cleveland and Berea friends and from both parents of bride and bridegroom. COMMITTEE APPOINTED

To Investigate the Proposed General Passenger Station for Interurban Lines.

THE IDEA OF A CITY BUILDING IN THE PUBLIC SQUARE, AS SUGGESTED BY A MORNING NEWSPAPER IS PREPOSTEROUS AND THE DREAMS OF THE REPORTER WILL PROBABLY NEVER BE REALIZED. HOWEVER THE BUILDING OF A GENERAL PASSENGER STATION FOR THE USE OF ALL THE INTERURBAN LINES COMING INTO THE CITY, PROMISES TO RECEIVE SOME ATTENTION AND AT THE LAST MEETING OF COUNCIL A COMMITTEE OF SEVEN WAS DECIDED UPON. THIS COMMITTEE WILL MAKE A THOROUGH INVESTIGATION AND AT A LATER DATE WILL REPORT. IN CASE OF THE BUILDING OF A PASSENGER STATION IN THE FOUR CORNERS OF THE SQUARE, THE STRUCTURE SHOULD BE A MODERN AFFAIR—A MONUMENT OF WHICH THE CITIZENS COULD WELL BE PROUD AND THE CONSTRUCTION SHOULD EITHER BE OF STEEL OR STONE.

EAR ALMOST TORN OFF

Frightful Accident Yesterday Afternoon to Perry Julion.

While Intoxicated Fell Against a Moving Chicago and Erie Freight Train.

Perry Julien, a tonsorial artist, was picked up yesterday afternoon shortly after three o'clock in the Chicago and Erie yards, just west of the passenger station, a badly injured man. He had either been drinking three star hennesey, bay rum, or some other beverage, for he was under the influence to the extent that he could not tell just exactly what had happened or how it had happened. However, when he came back to us one of his ears was almost torn off and a bad gash was cut on the forehead, not to enumerate the bruises about the body. Dr. S. B. Hiner was called and after temporary attention the injured man was removed to the home of a relative on east Elm street.

It is believed that Julien, while walking through the yards stumbled and fell against the side of a moving freight train for he insists that he was not on the train
